ABOUT ME

I am 2024 Computer Engineering graduate from Bahir Dar University with a deep seated curiosity for continuous learning and growth. My academic journey has equipped me with a strong foundation in problem solving, communication, and teamwork, enabling me to thrive in collaborative environments. I am adept at managing time effectively and making sound decisions, with the flexibility to adapt to diverse challenges. My technical expertise spans over Computer Network, Database management, Computer programming , Web Development, and Graphics Design. These skills enabled me to excel in my tasks and project and for demonstrating my potential to contribute effectively and tackle complex challenges and deliver impactful solutions.

EDUCATION

Bahir dar University

2019 - 2024

🎓 **BSC** in Computer Engineering
- GPA: **3.52**
- Exit Exam : **85%**

- Bole Senior Secondary School
- Kldus Michael Schools

WORK EXPERIENCE

IT Officer Intern at Beten Ethiopia(InternShip)

This 2 month internship experience has given me a deep understanding of creating visually compelling content and graphics , frontend development and system administration.

Full Stack Web Development(InternShip)

During my internship at Kuraz Technologies, I gained valuable knowledge in JavaScript and PHP frameworks. I also acquired experience working with APIs and full stack development.

PROJECT WORK

- AI-Based Traffic Violation Detection, Alerting and Reporting System
- E-Commerce Web Application
- Local Bus Ticketing Web Application
- Book Store Management System Web Application
- Digital Examination System
- E-Expo Frontend (https://beten-e-expo-natnael-berhanus-projects.vercel.app/)
